DIAMOND
Resorts

Services and facilities guide of resorts available to points owners and members of Diamond Resorts European Collection Limited

In this resort disclosure book, you will find details of certain accommodations and resort locations available to Points Owners and Members of Diamond Resorts European Collection Limited ("the European Collection") so that you can check the facilities and services offered at the different resorts, and know exactly what to expect from each.

Each resort location is accompanied by a table which outlines the facilities and details of any charges for those facilities if applicable.

Please note that whilst a cleaning service is provided at all accommodations, some offer more than one option for Members depending on the duration of their stay. The table details this information.

Section One – Part A of the book details all accommodations that are held in Trust by First National Trustee Company on behalf of the Members of the European Collection.

Section One – Part B of the book details additional accommodations that (although not in trust for the Members of the European Collection) are nevertheless specifically allocated to Members of the European Collection, thereby affording Points Owners and European Collection Members who wish to make reservations at these resorts a 13 month booking window.

Section Two of the book details accommodations that are held for members of the U.S Collection, the California Collection, the Hawaii Collection, the Premiere Vacation Collection and the Monarch Grand Vacation Collection which are made available to Points Owners and Members of the European Collection pursuant to an affiliation agreement with The Club®. Points Owners and European Collection Members wishing to make reservations at these resorts have a 10 month booking window.

Section Three of the book details accommodations at Portfolio Resorts which are made available to Points Owners and Members of the European Collection pursuant to an affiliation agreement with The Club®. The listing of Portfolio Resorts is liable to change. Resorts may be removed and new resorts are frequently added. Please visit DiamondResorts.com for an up to date listing.

Throughout this book (and in the resort brochure) where a resort is described as "Affiliated", this denotes the fact that the resort is not managed by Diamond or by one of its Associated companies.

The contents of this book was correct as of July 1, 2018. We reserve the right to make changes to this book at any time after publication, subject to your statutory rights and to the rules of governance prescribed in the Articles of Association of Diamond Resorts European Collection Limited.
